

EAST SUSSEX RECORD OFFICE

Introduction

This publication provides a summary of the records of baptisms (and or births), marriages and burials (and or deaths) which are available at the Record Office. It is divided into four sections: Anglican, cemetery, non-conformist church and chapel registers, Methodist circuit registers, Society of Friends' records and other records. It includes not only original registers but also microforms, transcripts and indexes. Usually only the covering dates are given but major gaps have been noted.

Registers have been listed under the location of the church or chapel; for example, Horam and Cross-in-Hand have separate entries and have not been listed under Waldron. However, cross-references have been provided where appropriate. Place names containing the elements north, south, east and west or little and greater are located under their substantive names; for example East Grinstead is to be found under 'G'.

Other useful sources are the East Sussex Baptism Index, 1700-1812, M J Burchall *Index of East Sussex Parish Records 1275-1870* (1975), A Wilcox *National Index of Parish Registers: Sussex* volume 4 part 2 (2004), the index to marriages within the Hastings and Rother Registration District, 1837-1851, 1853-1854, 1857-1901 and the guide to Methodist circuits.

For microfilm of indexes to baptisms and marriages in West Sussex parish registers *see* XA 14/1-23; for microfilm of registers for Boxgrove, Horsted Keynes, Balcombe, Slaugham, West Hoathly, Ardingly, Findon, Goring, Lancing and Durrington *see* XA 22/1, 28, 30-32, 34-35, 37-38, 41; for transcripts of many West Sussex parish registers *see* WST. For a useful summary of the holdings of West Sussex Record Office *see* P M Wilkinson (ed) *Genealogists Guide to the West Sussex Record Office* (1983).

Searchers are reminded to check the availability of the records and to find their full references by referring to the guide to non-conformist registers and the detailed lists of the records which are available in the Record Office Search Room.

+ = Methodist circuit register(s).
