

## Corporate Resource Planning & Management

### Policy & Finance

BV 8 - The percentage of invoices for commercial goods and services which were paid by the authority within 30 days of such invoices being received by the authority.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
79.8%	89%	89.75%	100%	90%	100%	100%
Performance good if value high.						
Comments: The creditors' software programme was modified for 2003/04 to ensure analysis was fully compliant and an effective action plan was put in place to ensure improved performance. During the course of 2004/05 we will be making a major migration from our old financial system to the new SAP system; it is felt that the complexity of this task will inevitably cause some delays in processing work across all areas, including BV8. The target has therefore been set to maintain current performance level whilst maintaining the improvement we made from 2002/03.						
This BVPI is also a local indicator: ref 1.5b						

BV 177- Percentage of authority expenditure on legal and advice services which is spent on services that have been awarded the Quality Mark and meet a priority legal need identified in the Community Legal Service Partnership strategic plan.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
10.23%	65.06%	10.08%	10%	10%	10%	10%
Performance good if value high.						
Comments: ESCC performance is low compared with other county councils; this is because we count Trading Standards as the only service that has been awarded the Quality Mark and meets a priority legal need identified in the Community Legal Service Partnership strategic plan.						

### Effective Property Management

BV 156 - The percentage of authority buildings open to the public in which all public areas are suitable for and accessible to disabled people.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
7.95%	30.77%	18.28%	18%	35%	50%	60%
Performance good if value high.						
Comments: An action plan was approved by Cabinet in June 2003 which saw increased investment in adaptations to buildings to make them compliant.						
This BVPI is also a local indicator: ref 2.1b						

BV 180a - The energy consumption/m2 of local authority operational property, compared with comparable buildings in the UK as a whole. (i) electricity from a power supplier; and (ii) fossil fuels through an on-site heating system.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
106.8%	129.79%	Outturns not available at time of going to print due to contractor's billing delays	3.2% reduction on 2002/03 baseline of 53.2 KWhr/m2	1.1%	1.1%	1.1%
146.4%	135.19%		2.9% reduction on 2002/03 baseline of 231 KWhr/m2	0.9%	0.9%	0.9%
Performance good if value low for 2002/03, high for future targets.						
Comments: Targets are shown as percentage reduction in consumption compared with the previous year.						
This BVPI is also a local indicator: ref 2.3b						

## Strategic Management & Economic Development

### People and Change

BV 2a - The level (if any) of the Equality Standard for Local Government to which the authority conforms.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
2	1	2	2	3	3	4
Performance good if value high.						
Comments: In 2003, we made a positive step forward in achieving Level 2 of the Equality Standard – putting East Sussex in the top quartile for all authorities. The target of Level 3 by 2003/04 was felt to be over-ambitious and was adjusted to Level 2 during the quarterly monitoring (Q2) of the Council Plan 2003/04.						
This BVPI is also a local indicator: ref 2.3c						

BV 2b - The duty to promote race equality - score against a checklist and expressed as a percentage.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
n/a – new for 2003/04		52.60%	50%	65%	85%	90%
Performance good if value high.						
Comments: Targets have been produced by quantifying the proportion of questions that are likely to provide a positive “yes” answer by each year-end. This proportion is likely to increase as additional baseline data becomes available						

BV 11 - The percentage of top 5% of earners that are: a) women; b) from black and minority ethnic communities.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 35.14% b) 0.53%	40.18% 1.22%	37.66% 1.04%	37% 0.53%	42% 1.4%	44% 1.8%	50% 2.0%
Performance good if value high.						
Comments: a) The targets for 2004/05 and 2006/07 have been stretched in line with the top quartile achievement. Currently the top 5% of earners is made up of 125 men and 81 women (i.e. 39.3% women). b) This indicator is affected by small numbers; the BME population for the whole authority is only 2.14%.						

BV 12 - The number of working days/shifts lost due to sickness absence (days per FTE employee).						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
9.23	8.66	8.93	8.2	7.8	7.6	7.5
Performance good if value low.						
Comments: The 2003/04 target was amended to 8.2 (from 6.7%) during the quarterly monitoring (Q2) of the Council Plan to reflect the median rate for other authorities in the South East.						
This BVPI is also a local indicator: ref 2.2a						

BV 14 - The percentage of employees retiring early (excluding ill-health retirements) as a percentage of the total work force.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
0.56%	0.40%	0.53%	0.50%	0.30%	0.25%	0.20%
Performance good if value low.						
Comments: The number of employees retiring on the grounds of efficiency and redundancy this year was 74 (0.53%) which met our target of 0.5%.						

**BV 15 - The percentage of employees retiring on grounds of ill health as a percentage of the total workforce.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
0.22%	0.33%	0.20%	0.3%	0.2%	0.2%	0.2%

Performance good if value low.

Comments: The adoption of compromise agreements (mutually agreed terminations of service rather than ill health retirements) and the use of an independent medical practitioner to approve each ill health retirement resulted in an outturn which put East Sussex in excess of the top quartile in 2002/03. Careful reviewing and quarterly monitoring will assist in keeping track of workforce fluctuation.

This BVPI is also a local indicator: ref 2.2b

**BV 16 - The percentage of :**  
a) local authority employees declaring that they meet the Disability Discrimination Act 1995 disability definition;  
b) economically active disabled people in the authority area.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 1.65% b) 13.9%	1.79% 13%	5.11% 13.9%	1.9% 13.9%	4.2% 13.9%	4.5% 13.9%	4.8% 13.9%

Performance good if value high.

Comments: The improved outturn for 16a is a result of the greater awareness of the wider definition of disability as a result of the equalities survey sent to all staff in January 2004. The figure for 16b is derived from census data and is constant for 10 years (2001 - 2011). The aim is to achieve a workforce which is representative of the economically active population.

This BVPI is also a local indicator: ref 2.3b

**BV 17 - The percentage of :**  
a) local authority employees from minority ethnic communities;  
b) economically active minority ethnic community people in the authority area.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 1.84% b) 2.49%	1.57% 3%	2.14% 2.49%	2% 2.49%	2.2% 2.49%	2.4% 2.49%	2.45% 2.49%

Performance good if value high.

Comments: The ethnic origin of 98% of staff is known as a result of the equalities survey. The figure for 17b is derived from census data and is constant for 10 years (2001 - 2011). The aim is to achieve a workforce which is representative of the economically active population.

This BVPI is also a local indicator: ref 2.3a

## Strategic Management

BV 3 - The percentage of citizens satisfied with the overall service provided						
2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
67%	62%	75% (± 2.5%)	70%	n/a	n/a	70%
Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI. USSs are carried out once every three years. 2000/01 survey was conducted by post, whilst the 2003/04 one used face-to-face interviews with over 1100 residents in East Sussex by external consultants. Results indicate that residents are generally in support of the Council's priorities.						

BV 4 - The percentage of complainants satisfied with the handling of their complaint						
2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
40%	38%	44% (± 7.4%)	50%	n/a	n/a	50%
Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI. USSs are carried out once every three years. Satisfaction results regarding complaint handling have improved since the last survey (2001/02) although the figure does not meet the target. These results reflect the difficulty people have in distinguishing between satisfaction with the handling of their complaint and satisfaction with the outcome.						

## Community Safety, Community Planning & E-Government

### Community Safety

BV 126 - Domestic burglaries per 1,000 households.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
14.6	12.32	14.8	14.1	14.1	13.7	13.3
Performance good if value low.						
Comments: The outturn shows a combined total for all five areas. Three of the five experienced a reduction in offences, most notably in Hastings (9% reduction). Eastbourne and Rother showed increases.						

**BV 127 - Violent crimes per 1,000 population:**  
a) violent offences committed by a stranger;  
b) violent offences committed in a public place;  
c) violent offences committed in connection with licensed premises;  
d) violent offences committed under the influence.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) n/a* b) 8.1	n/a* 6.5	7.1 9.3	n/a* 8.0	n/a* 8.7	n/a* 8.2	n/a* 7.7

Performance good if values low.

Comments:

a) \* 2003/04 is the first year in which reliable data has been supplied for violent offences committed by a stranger; there are therefore no data from previous years. Future targets will not be set until 2004/05 outturn is known, giving a two-year picture of the crime rate for this indicator.

b) The outturn figures are higher than the previous year, which reflects the national trend. However the introduction of the Crime and Disorder Data Information Exchange (CADDIE) should enable better targeting of crime hotspots.

c) and d) Sussex Police are unable to supply reliable data on licensed premises and under the influence. This situation is not likely to change in the near future.

**BV 128 - Vehicle crimes per 1,000 population.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
15.6	12.58	13.4	14.7	12.3	12.0	11.6

Performance good if value low.

Comments: All areas in East Sussex experienced reductions in Vehicle Crime, apart from Lewes.

**BV 174 - The number of racial incidents recorded by the authority per 100,000 population.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
2	27.74	4.45	4.1	4.51	4.96	5.45

Performance good if value high (initially, as confidence in reporting system grows).

Comments: The number of forms is steadily increasing as confidence builds in the scheme. The number of reports from within East Sussex County Council has risen from 10 in 2002/03 to 22 in 2003/04, a 120% increase.

**BV 175 - The percentage of racial incidents that resulted in further action.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
100%	78.68%	100%	100%	100%	100%	100%

Performance good if value high.

Comments: All victims reporting a Racist Incident received a follow-up letter from the Racist Incident Caseworker.

**BV 176 - The number of domestic violence refuge places per 10,000 population which are provided or supported by the authority.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
0.61	0.15	1.2	0.73	1.4	1.4	1.4

Performance good if value high.

Comments: To be added....

**BV 198 - The percentage year-on-year change in the number of problem drug misusers accessing treatment services.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
n/a (new for 2003/04)		11.42%*	7.34%	0.29%	7.01%	To be agreed with DoH

Performance good if value high.

Comments: Targets were stepped to achieve the PSA target of 722 problem drug misusers accessing treatment services in 2005/06. The 2004/05 target has been amended to reflect that the 2003/04 outturn exceeded its target.

\* This figure was obtained from the Sussex Treatment Outcomes Research Study (STORS) and passed to the National Drug Treatment Monitoring System (NDTMS). The DoH will confirm outturns with local authorities in August 2004.

## Community Planning

BV 1						
a) Does the Authority have a community strategy developed in collaboration with the local strategic partnership, for improving the economic, social and environmental well being in a way that is sustainable?						
b) by when will a full review of the community strategy be completed? If such a review was scheduled for this year, was it completed on time?						
c) Has the authority report progressed towards implementing the community strategy to the wider community this year? If no, by when will this be undertaken?						
2002/03 outturn (audited)		2003/04		Future targets

## E-Government

BV 157 - The number of types of interactions that are enabled for electronic delivery as a percentage of the types of interactions that are legally permissible for electronic delivery.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
58%	48.77%	73%	68%	88%	100%	100%
Performance good if value high.						
Comments: An action plan was implemented in July 2003 to ensure that we meet the Government target of 100% by 2005/06.						
This BVPI is also a local indicator: ref 3.3a						

## Trading Standards

BV 166 - Score against a checklist of enforcement best practice for a) environmental health and b) trading standards.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
74.99%	84.34%	94.98%	93.2%	100%	100%	100%
Performance good if value high.						
Comments: A phased action plan has ensured that the target for 2003/04 has been achieved. The service is striving to complete the necessary work to enable the last element of the indicator not currently met to be achieved; performance will then be 100%.						

## Children & Young People; & Libraries

### Children 's Social Care

BV 49 - Stability of placements of children looked after by the authority by reference to the percentage of children looked after on 31st March in any year with three or more placements during the year.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
12.6%	12.22%	13%	12.3%	12%	12%	12%
Performance good if value low.						
Comments: Performance is above average for Shire Counties and the whole of England.						
This BVPI is also a local indicator: ref 1.2b						

BV 50 - Educational qualifications of children looked after (interface indicator with education services) by reference to the percentage of young people leaving care aged 16 or over with at least 1 GCSE at grades A* - G, or General National Vocational Qualification (GNVQ).						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
41.5%	48.72%	41%	50%	50%	55%	60%
Performance good if value high.						
Comments: The 2003/04 target was not achieved but an action plan is in place to ensure that performance improves for 2004/05.						

BV 51 - Cost of services for children looked after by the authority by reference to the gross weekly expenditure per looked-after child in foster care or in a children's home.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
£514	£571.78	£531	£570	£590	£610	£640

**BV 161 - Employment, education and training for care leavers.** The ratio of the percentage of 19 year old former care leavers who were engaged in employment, education or training to the percentage of all 19 year olds in the population who were engaged in employment, education or training.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
62.9%	48.09%	55.3%	67%	70%	75%	80%

Performance good if value high.

Comments: This indicator has been amended from a % to a ratio of a % for 2004/05 and performance will not, therefore, be compared year on year.

**BV 162 - Reviews of child protection cases.** The percentage which should have been reviewed during the year that were reviewed.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
98.5%	95.7%	100%	98%	100%	100%	100%

Performance good if value high.

Comments: Performance has been consistently high, and this target remains a high priority for the department.

This BVPI is also a local indicator: ref 1.1c

**BV 163 - Adoptions of children looked after as a percentage of the number of children looked after at 31 March who had been looked after for 6 months or more at that date.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
12.8%	7.55%	8.59%	10%	10%	11%	11.5%

Performance good if value high.

Comments: Although performance is not as high as 2002/03 the outturn still places ESCC in the top quartile. Out-turns tend to operate on a cyclical basis.

BV 197 - Change in the number of conceptions to females aged under 18, resident in an area, per thousand females aged 15-17 resident in the area, compared with the baseline year of 1998.						
2002/03 outturn (audited)		2003/04		Future targets

Comments:						

#### Raising Attainment of Children and Young People

BV 33 - Youth Service expenditure per head of population in the Youth Service target age range.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07

BV 43 - The percentage of statements of special educational need issued by the authority in a financial year and prepared within 18 weeks:						
a) excluding those affected by 'exceptions to the rule' under the SEN Code of Practice;						
b) Including those affected by 'exceptions to the rule' under the SEN Code of Practice.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 93%	86.53%	99.42%	96%	99.5%	99.75%	100%
b) 69%	64.53%	82.59%	75%	83%	83.25%	84%
Performance good if value high.						
Comments: a) Final outturn figure of 99.42% would put ESCC in the upper quartile in comparison to 02/03 data for all County Councils. It is expected that ESCC will remain in the upper quartile, which is a tremendous achievement for the work undertaken by SEN Casework staff. It should also be noted that the timescales of cases where a decision has been made not to issue a statement of SEN are now also included in this indicator;						
b) Final outturn figure of 82.59% puts ESCC in the upper quartile in comparison to 02/03 data for all County Councils. This is also well above the Council Plan target set for 03/04 and is testament to the hard work SEN Casework staff have done in response to the previous years low of 69%. It should also be noted that the timescales of cases where a decision has been made not to issue a statement of SEN are now also included in this indicator.						
This BVPI is also a local indicator: ref 2.2b, 2.2c						

BV 159 - The percentage of permanently excluded pupils provided with alternative tuition of:

- a) 5 hours or less;
- b) 6-12 hours;
- c) 13-19 hours; or
- d) 20 hours or more.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07

d) 18.3%	44.64%	30.62%	100%	35%	60%	80%

Performance good if value low (a-c), high for (d).

Comments: More robust monitoring systems and better working practices have improved overall performance. **See 2.3a and b in Council Plan for a more complete picture of exclusions.**

6152	5606.45	6384	6100	6580	6600	6600
Performance good if value high.						
Comments: Necessary building works for refurbishment at Seaford, Hollington and Ore resulted in closing for 290 hours thus affecting the outturn. The Department of Culture, Media and Sport standard is 6600 per 1000 population so we are progressing towards meeting it.						
This BVPI is also a local indicator: ref 4.4a						

BV 118a - The percentage of library users who found a book to borrow.						
If you came to the library today without a particular book in mind did you find any to borrow?						
2000/01 outturn (audited)		2003/04		Future targets

51%	58%	76.5% (± 1.1%)	70%	n/a	n/a	77%
Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI specific to library users. USSs are carried out once every three years. Additional bookfund over the last 2 years has resulted in the service exceeding the target.						

BV 118b - The percentage of library users who found the information they were looking for.						
If you came to find something out were you successful in finding it?						
2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
78%	76%	69.4% (± 1.1%)	75%	n/a	n/a	75%
Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI specific to library users. USSs are carried out once every three years. This result was disappointing and may reflect our low level of professional staffing compared to other similar authorities. There is a need to strengthen our professional teams.						

**BV 118c - The percentage of library users who were satisfied with the library overall.**

Please tell us what you think of this library: i) staff helpfulness; ii) staff knowledge; and iii) opening hours.

2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
	Categories different for 2000/01.	77.7% ( $\pm 1.1\%$ )	85%	n/a	n/a	85%

Performance good if value high.

Comments: This is a User Satisfaction Survey (USS) BVPI specific to library users. USSs are carried out once every three years. This target is made up of 3 components as follows: staff helpfulness 95.3%; staff knowledge 92.6% and opening hours 67%. Therefore it is the opening hours that users were least satisfied with and the target was exceeded in the other 2 areas.

**BV 119 - The percentage of residents satisfied with the Local Authority Cultural services:**

- a) sports and leisure facilities;
- b) libraries;
- c) museums;
- d) arts activities and venues; and
- e) parks and open spaces.

ESCC reports on (b) only.

2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
69%	72%	59% ( $\pm 2.9\%$ )	75%	n/a	n/a	75%

Performance good if value high.

Comments: This was part of the general User Satisfaction Survey (carried out once every three years) and therefore was not directed specifically to library service users. During 2003/04 there were a number of projects involving accessibility and opening hours which could have resulted in the outturn being lower than that in 2000/01.

71.6%	73.81%	72.2%	82%	85%	82%	The target for 2006/07 has not yet been agreed with DfES
Performance good if value high.						
Comments: Although the target (nationally set) was not achieved the outturn shows an improvement on last year. It should be noted that the targets for 2003/04 and 2004/05 were set in 2001/02 and the slowing of progression within East Sussex reflects a national trend. National targets for all Key Stages are being revised by DfES and Ofsted.						
This BVPI is also a local indicator: ref 1.2a						

**BV 41 - The percentage of pupils in schools maintained by the local education authority achieving Level 4 or above in the Key Stage 2 English test.**

Performance good if value low.

Comments: Since the introduction of the revised Ofsted Framework in September 2003, 35% more schools nationally have been placed in Special Measures; this makes this target very challenging. In addition, the Framework is to be revised again in 2005 and there may no longer be a Special Measures category. It may be replaced by a 'Causing Concern' category.

This BVPI is also a local indicator: ref 1.6a

**BV 181 - The percentage of 14 year old pupils in schools maintained by the local education authority achieving level 5 or above in the Key Stage 3 test in:**

b) 7.4%	7.86%	3.7%	7.4%	7.4%	3.7%	3.7%

Performance good if value low.

Comments: a) Numbers on roll in primary schools will continue to fall over the period of the Council Plan which could affect future outturns.  
b) The target of 7.4% for 2003/04 represented two schools with 25% or more of their places unfilled. Good management has resulted in only one school having a significant number of surplus places. The Capital Programme includes a scheme to rationalise the accommodation at this school to 900 places which will remove a significant number of surplus places.

This BVPI is also a local indicator: refs 2.1a, 2.1b

Strategic Management

BV 193 - How the authority's Schools Budget compares with its Schools Funding Assessment:

Comments: This BVPI was significantly amended for 2003/04, from 'the percentage of items of equipment costing less than £1000 delivered within three weeks', 2002/03 performance cannot therefore be compared with 2003/04 performance. Integrated Community Equipment Services (ICES), a joint venture between Health and Social Services and will be introduced in 2004/05.						

## Transport & Environment

### Roads Maintenance

BV 96 - Condition of principal roads - percentage of the network with negative residual life.						
2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
1.35%	11.89%	8.6%	1.5%	8.6%	8.6%	8.6%

Performance good if value low.

Comments: The 2003/04 results show that the condition of principal roads in East Sussex remain close to the average for all County Councils. Significant summer shrinkage damage occurred in summer 2003. The bid made to GOSE for repair costs for was not awarded in full; there was some setback in road condition as a result and the target was not achieved.

The method of measuring this BVPI has been amended for 2004/05 to make the use of TRACS [a mechanised survey technique] mandatory (ESCC used Course Visual Inspection [CVI] for 2002/03 and 2003/04), future targets may therefore have to be adjusted following the collection of baseline data in 2004/05.

BV 97 - Condition of non-principal roads. Percentage of the network with negative residual life:						
a) Non-principal classified roads; b) based on a proportion of the unclassified road network.

b) 26.05%	26.43%	17.2%	25%	20%	15%	10%

Performance good if value low.

Comments: This work was delivered through the 2003/04 Programme for structural maintenance funded by Local Transport Plan (LTP) and PSA funds.

This BVPI is also a local indicator: ref 1.1a

BV 100 - Number of days of temporary traffic controls or road closure on traffic sensitive roads caused by road works per km of traffic sensitive road.

Comments: Repairs to the damage caused by summer shrinkage resulted in the target for 2003/04 not being achieved, although a significant improvement was seen compared with 2002/03.

**BV 180b - Average lamp circuit wattage compared with average consumption / wattage by local authorities in the UK.**

399	372.62	407	Targets not required to be set as national average consumption rate is not yet available	411	406	401

Performance good if value low.

Comments: The 2004/05 target is in line with expected growth due to the adoption of new street lights in new housing developments and changes to the existing lighting stock.

**BV 186 - Roads not needing major repair:**

- percentage of the principal road network where major structural treatment is not considered necessary (defined as 100 - BV 96) divided by the authority's average structural expenditure per kilometre on the principal road network over the past three years;
- percentage of the non-principal road network where major structural treatment is not considered necessary (defined as 100 - BV 97(a) for classified non-principal roads and 100 - BV 97(b) for unclassified roads - combined by length to give an overall figure for non-principal roads) divided by the authority's average structural expenditure per kilometre on the non-principal road network over the past three years.

Performance good if value low.

Comments: In 2003/04 the sections that were required to be surveyed included a very high proportion of pedestrian precincts which have been refurbished in recent years. These pedestrian precincts are therefore in very good condition and this has had a beneficial impact on the final result of the performance indicator.

ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 48	38	45	46	The definition of this indicator has been amended for 2004/05 – see table above.		
b) 17	27	17	17			
c) 28	33	30	28			
d) 294	341	311	289			
e) 22	34	23	22			

Performance good if value low.

**BV 165 - The percentage of pedestrian crossings with facilities for disabled people.**

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
58.6%	82.92%	72.1%	61.5%	65.5%	69.2%	73%

Performance good if value high.

Comments: The improvement is greater than anticipated due , mainly, to being able to bring forward the installation of new compliant crossings.

Waste Disposal

**BV 82 - The percentage of the total tonnage of household waste arisings which has been:**

- a) recycled;
- b) sent for composting or for treatment by anaerobic digestion;
- c) used to recover heat, power and other energy sources;
- d) landfilled.

2002/03 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
a) 11.48%	12.00%	13.1%	13%	15%	18%	19%
b) 8.2%	6.51%	9%	9%	9%	9%	9%
c) 1.58%	1.65%	0%	0%	0%	13%	13%
d) 78.04%	79.99%	79.0%	79%	70%	60%	59%

Performance good if value high (a-c), low for (d).

Comments: Improvements at Household Waste Recycling Sites (HWRS) are continuing to increase recycling activities. The work being undertaken by the waste awareness team visiting schools and public events has received a positive reception. A fire at the Refuse Derived Fuel Plant in August 2002 prevented the production and sale of pellets for 2003/04, therefore performance for 82c was 0.

Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI. USSs are carried out once every three years.						

BV 104 - The percentage of all respondents satisfied with the local bus service.						
2000/01 outturn (audited)		2003/04		Future targets		
ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
44%	44%	55% (± 4.3%)	50%	n/a	n/a	60%
Performance good if value high.						
Comments: This is a User Satisfaction Survey (USS) BVPI. USSs are carried out once every three years. Increased services in some areas and the provision of more low-step buses have contributed to the improvement in performance since the last USS.						

Statutory Plans

BV 107 - Planning cost per head of population.

**BVPI 109 - Percentage of planning applications determined in line with the governments development control targets to determine:**

- a) 60% of major applications in 13 weeks;
- b) 65 % of minor applications in 8 weeks; and
- c) 80% of other applications in 8 weeks.

NB Only BV 109a applies to county councils.

ESCC	Performance of all county councils - average	Actual outturn	Target	2004/05	2005/06	2006/07
46%	51.59%	47%	60%	50%	55%	60%

Performance good if value high.

Comments: Following an excellent start to the year with the target being comfortably exceeded in the first six months (100% Q1 and 80% Q2), more complex applications, the time taken to complete legal agreements and a decision that was deferred by Planning & Highways Sub Committee, a fall in performance has been recorded in the second six months. Future targets were adjusted downwards accordingly but, nevertheless, a challenging target for improvement has been set for 2004/5.

This BVPI is also a local indicator: ref 6.1c

**BV 111 - The percentage of applicants satisfied with the service received.**
