| <b>PS 4/3</b>   | <b>Temporary traffic regulation orders for bodies other than the highway authority</b> |   |
| <p><b>Purpose of Policy</b></p> <p>East Sussex County Council (ESCC) recognises the vital role played by the local highway network.</p> <p>The purpose of this policy is to set out when ESCC will recover the costs of temporary traffic regulation orders for bodies other than the highway authority.</p> <p>Temporary Traffic Orders often have to be made to enable road closures, waiting restrictions, speed limits, etc to be introduced because of works in the highway by Statutory Undertakers, private builders or contractors. The contributions are sought to offset the Council's costs in making the necessary Orders.</p> <p>In carrying out this policy ESCC will meet its statutory obligations and will also support the Council's Priorities, Local Transport Plan and Highway Service Outcomes.</p> |  |   |
| <p><b>Policy Statement</b></p> <ol style="list-style-type: none"> <li>1. When a Temporary Traffic Regulation Order is made for a body other than the Highway Authority, a contribution will be sought. If an extension of time is requested, a further contribution will be sought.</li> <li>2. If traffic signs are provided by the Highway Authority, the cost will also be recharged.</li> <li>3. The contributions will be adjusted as necessary to reflect current costs.</li> </ol>   |  |   |
